We have

Tips for a Smooth Taxi Experience:

Set the Pin Correctly: When booking your ride, set your destination to "Saifee Park Main Gate" to avoid being taken to the mall entrance by mistake.

To avoid delays kindly keep exact change handy.

Ready for Security: To speed up entry at the gate, please have your ITS ID ready to show the security team without exiting the vehicle.

Peak Times: During morning hours, traffic near the gate can be heavy. We recommend booking your taxi 15–20 minutes earlier than usual.

IMPORTANT NOTICE

Important Note on Personal Cars:

Please remind friends and family that **Personal Vehicles** are not to USE the main gate for entry, they must proceed to the Our Mall parking area.

The Main Gate/Souq route is strictly for Taxis and Shuttles to prevent congestion.

Thank you for helping us keep the traffic flowing smoothly!

Nairobi Transport Team

Keep the Traffic Flowing!

To avoid delays at the drop-off points and ensure a quick exit for taxis and personal vehicles, we kindly request all Mumineen to:

- Prepare Exact Change:** If you are paying your taxi or parking fees in cash, please try to have the exact amount in Kenyan Shillings ready before you reach the gate or drop-off point. **Why it Helps:** This prevents "bottlenecks" at the MSB/Souq Parking and Main Gate, ensuring that the Mumin behind you can also be dropped off without delay.
- M-Pesa Users:** If paying via M-Pesa, please initiate the payment as you enter the gate so it is completed by the time you reach the drop-off zone.

Your cooperation helps our volunteers keep the entry points clear and stress-free for everyone.

EXIT STRATEGY

No App? No Wait. No Hassle.

By "staging" Little Cab vehicles, we've essentially created a private taxi terminal, which significantly reduces the chaos of app-booking and waiting.

Seamless Exit: The Little Cab Staging Strategy

To ensure the most efficient departure from Shafahi, the Nairobi Transport Team, in partnership with Little Cab, has arranged a dedicated taxi staging zone at the Souq.

How it Works (The "Step-In & Go" System)

We have pre-arranged a fleet of Little Cab vehicles to be parked and ready at the Souq. You do not need to book a taxi via your phone app when leaving.

Proceed to the Souq Exit: Follow the "Little Cab Priority Lane" signs.

Assigned Boarding: A Transport Marshal will assign you the next available taxi in the queue.

Provide Your Destination: Simply tell the driver your destination (Hotel/Nishat/Residential Block).

Flat Rates / Standard Billing: Pre-Negotiated Rate Cards.

Payment & Efficiency

To keep the "Staging Loop" moving and ensure the next Mumin can board quickly:

Exact Change is Key: Please have Kenyan Shilling notes ready. This is the fastest way to conclude your journey. If you do not have cash, use the Little Cab Tourist App.

M-Pesa Ready: If paying via M-Pesa, please ensure you have sufficient float and initiate the payment immediately upon reaching your destination.

For Those Using Other Apps (Uber/Bolt) or Private Drivers

Wait in Zone B: If you have specifically called an Uber or a private driver, please wait in the Our Mall Pick up Zone. A designated area has been prepared for Mumineen ordering Uber/Bolt/Private Taxis.

Note: These vehicles will only be allowed into the Souq area once the Little Cab staging lane is clear. For the fastest exit, we highly recommend using the staged Little Cabs.

SMART TIPS

Load & Go: Please have your luggage and family together before entering the boarding lane.

Personal Vehicles (Our Mall)

A reminder that personal cars cannot pick up at the Souq.

Exit Strategy: Personal Vehicles (Our Mall)

To ensure a quick and safe departure for all Mumineen driving personal cars, please follow these instructions for exiting the Our Mall Parking Area:

Departure Route

Direct Exit: All personal vehicles must exit directly from the Our Mall Gate.

No Access to Souq: To prevent gridlock, personal cars are not permitted to drive toward the Souq or the Main Saifee Park Gate for pickups.

One-Way Flow: Please follow the directional arrows and the guidance of our traffic marshals to merge safely onto the main road.

Passenger Boarding

Boarding at Parking: All family members and passengers must board the vehicle at its parked location within the Our Mall lot.

Meeting Point: We recommend choosing a specific landmark or pillar number within the parking lot to meet your family members once all members are ready.

Important Exit Rules:

Avoid "The Loop": Please do not attempt to exit the mall and then enter the Main Saifee Park Gate to "quickly pick someone up." This causes significant delays for the Little Cab staging and emergency vehicles.

Pedestrian Safety: As many Mumineen will be walking from the Souq toward the Mall, please drive at a maximum speed of 10km/h and yield to pedestrians at all times.

Follow the Marshals: Our team is there to help you merge into traffic. Please follow their signals to ensure everyone exits in a fair and timely manner.

Please use the pedestrian walkway to the Our Mall Parking Lot to access your private vehicle.

Why use the Staged Little Cabs?

Priority Access: They have a dedicated lane and do not get stuck in the main gate queue.

Security: All staged drivers are pre-vetted and briefed on Saifee Park routes.

Zero Wait Time: No more waiting for a driver to "accept" your request or find the gate.

"Our goal is to get you from the Souq to your door in the shortest time possible."

Nairobi Transport Team

Quick Tip for a Stress-Free Exit:

The rush is highest immediately after the session ends. If you are not in a hurry, we suggest spending a few extra minutes in the Sahn or the Souq area to allow the initial wave of traffic to clear.

"Your patience and cooperation at the exit help ensure a pleasant experience for every Mumin."

Rahaat Shuttle Service: Dedicated Support

"Serving You with Care and Comfort"

The Nairobi Transport Team is pleased to provide Rahaat Shuttles specifically for Mumineen who require assistance due to disability, limited mobility, or old age. Our goal is to ensure that every Mumin reaches their destination within Saifee Park with ease.

Where to Find Rahaat Shuttles:

Shuttles are stationed at all key transit points:

Main Saifee Park Gate: For those arriving by taxi.

MSB/Souq Drop Off: For those needing assistance from MSB or Souq drop off locations.

Our Mall Parking: For those who have parked their personal vehicles but find the walk AJSN difficult.

All Exit Locations: To assist with the transition from the venue back to your vehicle.

How to Request a Shuttle:

Look for the Signage: Dedicated "Rahaat Pickup Points" are clearly marked.

Ask a Marshal: If you do not see a shuttle, please inform any transport volunteer (in the neon vests). They will radio for the nearest Rahaat vehicle to come to your location.

Priority Boarding: These vehicles are strictly reserved for the elderly and disabled. We kindly ask other Mumineen to yield and give priority to those in need.
